FROM: Chief Health and Medical Officer

SUBJECT: 2007 NASA Occupational Health Conference: July 23-27, 2007

The Office of the Chief Health and Medical Officer will hold its annual Occupational Health Conference at the historic Warwick Hotel in Denver, Colorado. The Conference theme is *Moving Toward the Summit: Occupational Health Challenges*. The General Sessions begin on Tuesday, July 24 and end on Thursday, July 25. Four Professional Development Courses will be offered on Monday, July 23. This year, there will be six Breakout Sessions for the Electronic Health Record System, Federal Workers' Compensation, Health Physics, Occupational Medicine, Industrial Hygiene, and the Employee Assistance Program. Other special events are planned throughout the week.

Please consult the NASA Occupational Health Website (ohp.nasa.gov/conference) for the Conference schedule, online registration information, and other important details. Please note that reservations at the Warwick Hotel must be made by **Friday, June 29, 2007**, to receive the special Conference government room rate.

Your attendance at this year's Conference is strongly encouraged, as it is an excellent means of earning continuing education credits, networking with Agency colleagues, receiving updates on Agency initiatives, and learning about current trends in occupational health. If you require additional information, please contact Mr. Alan Gettleman or Ms. Janine Hardin at (321) 867-2961.

We look forward to seeing you in July at the Conference.

A handwritten signature in blue ink, appearing to read "R. Williams".

Richard S. Williams, MD, FACS
